Letter no A2 LA 42143-44 dated
2nd Dec 1946 from the DE Bangla^{dhur}
District requesting sanction of
grat to the acm of a site bearing
no 1069 out of the 11 funds
for improving the sanitary
conditions at the place

1) It is a vacant site, perhaps,
unsanitary; ^{was} proposed to be
billed up in pursuance of
the Deewan's observations during
his tour in the year 1940
Deem proceedings ^{the} started on
this account. The P. Council
have deposited a huge amount
of Rs 7673 towards the acm
charges. Preliminary notices
have been issued during Dec 44
objections received from the
persons interested, - have been
warded by the Civil Surgeon ^{officer} and
are ~~limited~~ ^{found to be untenable} on the ground,
~~that they are not entitled to~~
much stress has been laid
only on the rate of compensation

2) But it is seen from the

- Records that certain gentlemen
"have urged that the property
is endowed by a registered will
for the benefit of an institution
and the cause being pro bono
publico should not be defeated
by ~~any~~ of the said property
on the vague resolution of the
municipality viz "improvement
of sanitary conditions"

In one of his previous letters before
 the RAC, the Mr. G. Mwanika said
 in special that he is prepared
 to fill up the pond and construct
 a cement building: according
 to sanitary lines, and this
 obligation being fulfilled
 there should not be any obligation
 in withdrawing from association
 at said property belonging to a
 trust

...3) It is the primary duty
of the municipality to attend
to the needs of sanitation
and take such action as is
deemed necessary against
rules against those who
violate sanitary laws of
the

Very clear if the municipality
can not improve its sanitation
in the building by other
measures than a renovation
of a temporary party at such a
huge cost as Rs 7673, out of
its funds of the local body,
unless the land itself is badly
required for an urgent public
purpose

4) It would appear, that
there is also a case in the Court
pending a decision about
the Trust property in question
It may be very likely that
the trustees may urge for
the enhanced compensation
which may mean further
depletion of the funds of
the local body

5) The matter may perhaps
require a detailed examination
and thorough investigation,
before sanction is awarded
by the local body.

With reference to your letter No L 9669/R dated 8 1 47
with regard to acquisition of a vacant site bearing municipal
No 1069, Tiptur Town, I state that the suggestions conveyed in
the above letter were sent to the Sub Division Officer, Tiptur
for obtaining the views of the Municipal Council. The Municipal
Council in their resolution dated 10 2 47 have stated that the
land is required for the existing Girls' school and that it is
necessary to acquire the land. Copy of the resolution is en-
closed in the records for kind reference.

Although the trustees have expressed the idea that they
would fill up the halla and improve the sanitation, their -
promise appears to be more remote than certainty with the
result that the area consisting of an old step well in the
important street of the Town will have to be allowed to
remain insanitary and ugly and dangerous to the public.
Besides, the Municipality has sufficient funds and wants it
for the use of the school nearby.

In the circumstances, I agree with the resolution dated
10 2 47 of the Municipal Council and recommend that the acqui-
sition may be sanctioned.
